3 Lectures ~ Dealers ~ Close-up Show ~ Gala Stars of Magic Evening Show ~ More

Shawn Farquhar

Michael Finney

Mike Bent

Aaron Fisher

Matt Roberts

SYM Performer

Shawn Farquhar - Two time World Champion of Magic, two time Canadian Magician of the Year and the only magician to fool Penn & Teller twice on their hit show FOOL US. He impressed Ellen and will do the same to you. Direct from his long standing contract with Disney Cruise Line comes Shawn Farquhar to share with you a lifetime of magical experiences. Recently Shawn has been a key note speaker/lecturer for the world's best magic events including London's famed Magic Circle, Siegfried and Roy's World Magic Seminar, and the world's largest magic convention in Blackpool, England.

Michael Finney - Comic magician Michael Finney, received the Academy of Arts Award for Comedy Magician of the Year in Hollywood. Michael has also received the Academy Magical Arts Parlor Magician of the Year Award. Michael Finney continues to perform at comedy clubs across the United States up to 40 weeks a year. He made six appearances on Fox's Comic Strip Live, and has appeared on HBO's Comic on the Road, Sunday Comics with Lenny Clark, Bud Friedman's Evening at the Improv and two NBC specials hosted by John Ritter- "World's Greatest Magic" and "World's Wildest Magic".

Mike Bent - Mike has been teaching professional comedy writing at Emerson College for more than 18 years. It's not unusual to watch a comedy show on television and see one of Mike's former students listed in the credits. His books, products and lectures have become the standard for the industry. As MAGIC magazine wrote, "Mike Bent really understands children's comedy." M.U.M Magazine said, "There is no one in the universe that creates magic routines and comedy sight gags as novel and astonishing as Mike does. Throughout the hilarity, the magic he performs is strong: he doesn't let the gags get in the way of the mystery."

Aaron Fisher - He has performed at the famous "Magic Castle" in Hollywood, and traveled across the nation entertaining at corporate events, comedy clubs, and stand-up stage shows. Fisher's passion for magic has been shared and demonstrated through his teaching the art, and spends time every year helping card magicians improve. Each summer, Fisher works with magic campers at the Sorcerer's Safari Summer Program in Ontario, Canada. In 2002, the same year that his critically acclaimed book, "The Paper Engine: Tension, Focus and Design in Card Magic," was published, he decided to become a full-time entertainer.

Matt Roberts - An experienced magician, illusionist and comedian, Matt Roberts is an easy-to-work-with professional who tailors his performances to fit a variety of clients and venues. In just one example, he created a unique magical concert experience in 2010 called, Music & Magic, which he now performs annually at Boston's 2500-seat Symphony Hall, home of The Boston Pops, developing new illusions and audience participation pieces each year.

SYM Performer - We always showcase a gifted, up and coming magician. You will love him or her in our Show Saturday night.
